TIRED OF RENTING SHOP TOWELS?

Expensive losses.

Fire hazard and health problem by storing soiled cloths.

Difficult to store, count and dispense.

Contamination with metal chips, caustic and moisture.

Collection, counting and bookkeeping charges.

Not acceptable as a personal wiper.

Uncertain weekly deliveries.

HIGH COST OF RENTING!!

Don't overlook the definite cost of using rental towels... Your employees time to check towels in and out to a delivery man... The cost of saving the towels... Add to that the cost of lost towels... and the Laundry Bill... In most cases you can figure that usage of rental towels costs you over 3 times as much as your actual towel bill.
