Notification Post Cards

They are inexpensive and afford a quick and convenient way of notifying members of any meeting. Many Councils are using them to notify members of the regular meetings. A card received the same day of the regular meeting night not only reminds, but interests the members and secures a larger attendance. The busy members appreciate this service.

Our seals are all fitted on strong, durable lever presses and will give entire satisfaction. The presses are japanned and ornamented in gold bronze and colors. The handles have nickel plated tops. We use oil tempered springs of great strength, which very much improve the action and life of the press.

It is very important that you give the exact matter you wish on the seal. Your seal, to be legal, must contain the name, number and location of Council and date of institution. Be sure to give this correctly. Write the matter very plainly. The life of our seals is almost unlimited.

DP172 24DP—Seal, size of plate 1 3/4 inches, with name, number, location of Council, date of institution and letters D. of P.

DP174 25DP—Seal, 2-inch plate, with name, number and location of Council, date of institution and D. of P. emblem. The emblematic feature makes this seal especially attractive.

Ritual Cases

340 26DP—Ritual Case, of extra heavy tin, japanned and ornamented in bronze, handle on top recessed into cover. This case is very durably made, having best three-tumbler lock and two flat keys. Size 10 1/8 x 7 3/8 x 4 1/4 inches outside.

343 27DP—Ritual Case, similar in construction to 26DP, size of this case being 10 1/8 x 7 3/8 x 5 1/4 inches.

342 28DP—Ritual Case, having the Acme Dial Combination Lock, the best manufactured. The combination can be changed an unlimited number of times. Body of extra heavy tin, handsomely finished. Nickel plated dial, outside measurements 10 1/8 x 7 3/8 x 4 1/4 inches. We call special at-

tention to the ritual cases with combination locks, inasmuch as there are no keys to lose. It happens often that the officer in charge will lose or forget the key to the ritual case, and thus delay the meeting. The trouble is entirely eliminated with the use of combination lock.

344 29DP—Ritual Case, same as 28DP, but larger. Size 10 7/8 x 7 3/8 x 5 1/4 inches.

Prior to the year A. D. 1865 the Jewish style, namely, the year of the world, was used by Red Men in dating their documents. At the Council held in G. S. 5926 this system was discontinued, and G. D. S., or Great Sun of Discovery, was adopted, the year 1492 being considered G. S. D. 1. For convenience it was determined that the Great Sun should commence on the first Cold Moon, so as to conform to the common era.
