## *Foreword*

**I**N presenting our latest catalog, we have endeavored to illustrate just a few popular styles of Uniform Caps which have been adopted by the leading departments. It would be practically impossible to illustrate our complete line.

The illustrations displayed in this catalog are actual photographic reproductions of the latest *up-to-the-minute* styles in Uniform Caps, and advanced styles in embroidered and metal designs.

As specialists in this line of work we are prepared to fill your order accurately and promptly. A trial order will convince you of these facts.

In referring to this catalog should you not find the style of Uniform Cap or Badge that you require, please send us a drawing or description of same immediately, and we will give your communication prompt and careful attention.

Our Factory is equipped entirely with up-to-date machinery, and we are employing competent uniform cap workmen, so that we might accomplish the most satisfactory results by furnishing the best articles obtainable at exceedingly low prices.

All cloths are thoroughly sponged and shrunken before cut.

All Lettering, Monograms, Insignia, etc., are extra, and charged as such.

All caps leaving our factory are rigidly inspected before shipping. We will satisfy you at any expense.

Special prices quoted on large contracts or orders.

*We Guarantee Our Goods to Be Exactly as Represented*

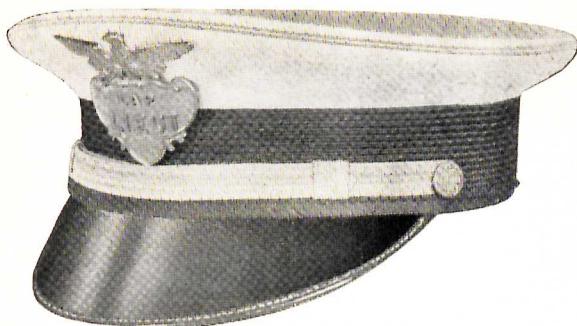

*It Will Pay You to Investigate Before Ordering Elsewhere*

*Please always state what kind of Uniform  
Caps are wanted, also color, material, etc.*

## *Hand Embroidered Cap Wreaths and Designs*

WE are in a position to make any kind of embroidery designs required. In addition to our large Embroidery Plant which has a very large capacity and which is machine made, we have a hand embroidery department which can execute the most minute and difficult designs.

Wreaths can be embroidered direct on Caps or worked on a separate piece of cloth and sewed on after Caps are completed.

A black velvet background is recommended if wreaths are to be sewed on the Caps separately.

We are pleased at all times to quote prices on special embroidered designs in gold or silver bullion or silk.

Submit a drawing or write us, giving a general description of the style or design required and we will immediately attend to it.

*We earnestly solicit your inquiry on all types of  
embroidery, knowing full well that we can  
give you efficient and prompt service.*
